

## N-K MANUFACTURING TECHNOLOGIES INC.

### Horizontal molding

N-K Manufacturing offers a broad range of horizontal molding processes that allow us to produce a wide variety of both decorative and functional products for a wide range of industries.

We have expertise with complex molding processes that combine different types and durometers of plastics:

- Lower cost
- Enhanced performance
- Extended service life

*We excel at custom color matching*

### We utilize a full-range of engineered plastic resins, including:

- PVC
- TPE, TPU, TPO
- Nylons, filled and unfilled
- SBS
- ABS
- Polypropylenes

**QS 9000 - ISO 9001 - ISO 14001**
